**June 1-9 / Sheep & Cattle.** Hood's Farm is located in Ashville, NY, which is just a few minutes from the famous Chautauqua Institute on Chautauqua Lake. This is a resort area and hotels do book up in the summer. The farm is situated in the hills above the Lake. There are over 100 acres to this farm consisting of wooded and grassy areas. A few ponds are located all around the property. Dogs are allowed to go swimming in the pond nearest the working areas. Hood's Farm has over 300 hundred head of commercial sheep. This is a unique opportunity to work much larger groups of sheep than what is usually used in training. There are smaller training areas and larger open fields to train in. At the end of your run, feel free to walk along the trails or logging road. It is Amish Country and it is common to see horse & buggies all over this area.

**HOOD'S FARM - DIRECTIONS** 610 Wellman Road Ashville, NY OWNER is Courtney Hood. Access from either direction off Rte 17/86. Some gps units take down Big Tree Rd to Lawson Road and then a right onto Wellman. The barns will be across the street from that Stop Sign at Lawson Rd. If coming from the East – sometimes gps takes me down Wellman in which case the barns will be PAST the house (#747) on your Right – just before Lawson Road. I will have a herding sign out at the driveway.

# HERDING PRIMER

## GLOSSARY, TERMS & CONCEPTS

Discover the mysteries of working livestock with your dog. This book was designed for the beginner enthusiast. HERDING PRIMER will take you through the wide range of terms used in herding livestock. In depth coverage of many concepts are easily understood with the many illustrations and photographs.

The HERDING PRIMER is not a tutorial on how to train a stockdog. It is a book that details many of the subjects that will help you understand what is going on with the dog, with the livestock and of course the handler during a herding session. Herding Primer covers many subjects such as: basic terms, what is pressure and how it influences everything, how to use a stock stick to communicate with your dog and the concepts of driving and flanking. That is all in the first part! The second part deals strictly with why animals behave the way they do, why your dog does or does not do something and how your behavior and body language influences it all!

Order your copy today! Herding Primer comes in PDF format electronic file.

\$35 for the file. I accept Money Orders, Paypal, Venmo and checks. Checks may take 3 wks to clear the bank before I send the book. Credit Card using Venmo or PayPal.
